OFFER $260,000 FOR IMMUNITY

Smugglers of Gowns Make a New Proposition.

TO SHIELD SOCIETY WOMEN

All Offers Have Been Refused, and Detectives Are Searching For the Smugglers — Seized Gowns Were Made In Paris and Will Be Sold at Auction.

New York, April 20.—The smuggling syndicate which first offered Collector of the Port Loeb $100,000 to drop the government's investigation of the smuggling of "sleeper" trunks containing $55,000 worth of Paris gowns, increased its offer to $260,000, according to Mr. Loeb.

"The amount now offered the government to drop the investigation and probable prosecution is $260,000," said Collector Loeb. "The amount represents what would be penalties of fully $200,000 above the appraised value of the goods. All offers have been refused. We want the smugglers."

Collector Loeb stated that in the negotiations for the abandonment of the investigation started by him he had been approached by several reputable lawyers, but he refused to reveal the names of the attorneys, because he said that even they did not know the identity of the smugglers and had been retained by intermediaries.

Collector Loeb's investigation so far shows that the smuggled goods had been made in Paris, by famous designers, for many women of exceptional social prominence and wealth in New York, Boston, Philadelphia and Washington, and that the reason for offering such a large sum to suppress the investigation was to shield these women from the unpleasant publicity threatened by the coming disclosures.

Collector Loeb will sell the seized gowns at public auction next month and will employ dressmakers and models to display them.

BANK AT LITITZ CLOSES

National Institution In Trouble Because of "Bad Investments."

Lancaster, Pa., April 20.—The Lititz National bank, of Lititz, failed to open its doors. It had a paid up capital of $105,000.

No statement has been prepared, and the only information so far vouchsafed is that the bank had made some bad investments. These investments are understood to be certain local industrial enterprises which the bank backed.

While none of the enterprises which the bank financed have failed, the securities given for the loans were of such a character that the bank could not realize on them.

Rumors have been afloat for some time about the condition of the bank, and as a result there was a run on the institution last week, which became very heavy on Saturday, when it was determined to close. In banking circles it is believed the depositors will be paid in full.

15 BULLETS TO KILL BULL

Infuriated Beast Tramples Woman and Children In Jersey City.

New York, April 20.—A wild bull went on a rampage in Jersey City, knocked down Miss Jacobs, who was luckless enough to have on a red waist; trampled two school children, wrecked a fish store and tailor shop, and was finally killed after a squad of police had fired fifteen revolver shots at him.

Woman Arrested For Murder In Russia

Philadelphia, April 20.—Betrayed by a fellow countryman, Felicia Bekier, a Russian woman, was arrested here on the charge of killing a sergeant of the Russian army six months ago in St. Petersburg. At city hall the woman told how her husband had become affiliated with the revolutionists. In anticipation of an uprising of the people, he had stocked his home with rifles and ammunition until it was a regular arsenal. The police, learning of this, sent a squad of soldiers to seize Bekier. His wife picked up a rifle and shot the sergeant three times.

THE ACADEMY DANCE.

First Annual Ball of the Collegiate Class of the Bellefonte Academy.

The Collegiate class of the Bellefonte Academy held their first annual dance in the Bush Arcade Thursday evening and it was certainly a grand success and will be repeated in future years. The programme consisted of 26 numbers with some extras and the dance went on until three o'clock when everybody went to their homes well pleased with the affair and the class and committee can congratulate themselves on their success.

The decorations and lighting were very fine in their effects. the draped bunting and the college pennants making pretty effects and the lighting. In the one corner up high was hung a large moon with a face drawn on it and electrically lighted and in some dances all the lights were extinguished except the moon. A large '09 in little blue and red electric lights hung on the wall at the other end and was very effective. Christy Smith's orchestra of seven pieces furnished the music and refreshments were served by Ceader. Two rooms on the second floor of the Bush Arcade were used for dressing rooms.

The committee were W. D. Crooks, J. J. South, W. H. Louden, V. L. Hummel, and W. P. McCandless.

Academy Loses Again

In the second of the series of five games between the Academy and Bellefonte the former was defeated by the score of 3 to 1. At 4.15 sharp Thursday Dr. Platts called play and both teams worked hard till the last out was made on only two occasions did the Academy have a chance to make runs and these were cut off by the good work of the local players. Bolton started to pitch for the Academy but was wild, hitting several and passing four. Sleppy took his place and pitched good ball but owing to poor support the local team scored two runs. Kline worked for Bellefonte and had his opponents guessing all the time only three hits were made off him.

FOUR WHITE MEN LYNCHED

Oklahoma Mob Kills Men Accused of Murder.

HANGED THEM IN BARN

Mob Stormed Jail, Knocking Guard Senseless, and Seized Four Wealthy Land Owners and Quickly Executed Them.

Ada, Okla., April 20.—Two hundred citizens of Ada, nearly all of them of the better class, thoroughly disgusted with the "justice" meted out to criminals in the smaller towns of Oklahoma, took from jail and hanged four wealthy land owners for the murder of Deputy United States Marshal A. L. Bobbitt. The lynched men were: J. B. Miller, Fort Worth, Tex.; B. B. Burrell, Duncan, Okla.; Jesse West and Joseph Allen, of Canadian, Tex.

The lynchers shut off the electric street lights, cut the telephone communication and quietly gathered near the jail. When all had assembled a large man swaggered out of the darkness and said: "Are you all ready?" A confused buzzing was the only answer. The men silently made their way toward the jail.

A high board fence surrounding the jail was partly thrown down and the crowd entered the inclosure. The leader advanced and pounded on the jail door. Only Guard McCarthy was on duty.

"McCarthy," said the leader, "open this door at once. We mean business. Hurry; it's near daylight."

"You might as well go home, boys," responded the officer. "This door will never be opened from this side."

After a conference three of the mob threw themselves against the frail jail door, and the mob rushed in. Guard McCarthy was knocked senseless with a revolver butt. The four prisoners were quickly taken out, although West fought desperately.

"If you're going to hang me, do it quick," said Miller.

The mob led the four men to a barn, a few hundred feet away, and stood them in a straight line.

"Tell us what you devils know about Bobbitt's murder," shouted the mob leader.

West answered for the four, saying: "We don't know who you men are, and we don't care. For myself, I know if I had a six shooter a few of you would bite the dust, but that's talk, as long as my 'shooting iron' is in Texas. You boys appear to have a job to do. Why don't you do it? We won't tell anything, and you — —"

"The ropes," the leader broke in, and the four prisoners were carried to a beam and strung up in a row.

Just before the rope was placed about his neck, Miller calmly removed a diamond stud from his shirt front and requested that it be sent to his wife in Fort Worth. From his necktie he drew out a diamond scarf pin, with the request that it be given to Guard McCarthy for his kindness to him. As soon as the men were dead the mob disappeared. At daylight the bodies of the lynched men were cut down.

PRETTY PARSONAGE WEDDING

William A. Thomas and Miss Pearl E. Copenhaver Married

On Thursday evening at seven o'clock, William A. Thomas, of Tyrone and Miss Pearl E. Copenhaver, of Bald Eagle were united in marriage by Rev. C. W. Karns at the Columbia Avenue Methodist Episcopal parsonage at Tyrone. The ceremony was attended by only the immediate friends of the young couple, after which all repaired to the home of Mr. and Mrs. William Lewis where an informal reception was held. The bride and groom left on the 1.05 train for eastern cities where they will spend their honey-moon.

The bride is a daughter of Mrs. Sarah Copenhaver, of Bald Eagle, but for years has made her home with her sisters in Tyrone. She attended the public schools in Tyrone and was graduated in 1903 with first honors, after which she finished a commercial course in the Anderson Business college in Altoona. She is a most excellent young lady and fully capable of taking care and making a happy home.

The groom is a native of Bellefonte, Centre county, and is recognized as one of the most efficient machinists in the East Tyrone shops. He is a son of Mr. and Mrs. Isaac Thomas, one of the pioneer families of Bellefonte. He is a splendid young man, sober and industrious. This happy young couple have many friends in Tyrone and Bellefonte who wish them joy and happiness through life.

After their wedding tour Mr. and Mrs. Thomas will return to Tyrone and until they can secure a house, will board with the Misses Bailey on Tenth street.—Tyrone Herald.

The Base Ball Situation.

In discussing the question "Shall Lock Haven be represented on the Diamond this year?" the Lock Haven Express among other things has the following to say:

There is no likelihood of the Centre-Clinton league being resurrected but some of the towns will be represented by independent teams, which should furnish all the rivalry necessary to put ginger into the contests. Renovo is always in line and this season will be no exception, while Jersey Shore has already organized and will put a team in the field that should make us all sit up and take notice. Then, of course, Williamsport will have its star aggregations to worry us also. All these towns are within easy reaching distance and the enthusiasm created is bound to help things wonderfully. Snow Shoe, Beech Creek and Orvis and some other nearby towns are yet to be heard from, but when the returns are all in they, too, may be expected to have able representation on the diamond.

Two propositions are talked of locally one of which is to secure Otto of last season's Snow Shoe team, his brother, who has played in the Tri-state and several others as a nucleus to form a club partly made up of Bellefonte and Lock Haven, which is to be known as the Bellefonte-Lock Haven club. According to our informant the fans of the former place do not believe that they could support a team alone, but might help some to get a bunch together that would prove a wonder. Naturally an equal portion of the games would be played in Bellefonte by this "co-operative" affair.

The other idea is to organize a strong amateur team in this city alone and play all comers, with the possible chance of eventually joining a league composed of Renovo, Lock Haven, Jersey Shore and Williamsport and make all teams put up a guarantee that only local players are to participate in any game. This latter proposition is looked upon with favor by many and it may materialize.

Richard W. Miller.

Richard W. Miller died at noon on April 13th at the home of Mrs. J. N. Gill, in Huntingdon, of paralysis. He had been ailing for some weeks but his condition had not been considered serious until he was stricken with paralysis less than a week prior to his death. He was born in Bedford county and was sixty-three years old. He followed the occupation of a carpenter all his life. He never married but surviving him are two brothers and one sister, namely. Herman Miller, of Bellefonte; Frank, in Montana, and Mrs. William Gebret, of Bellefonte. The remains were brought to Bellefonte on Wednesday and taken to the home of his brother on Thomas street from which the funeral was held Friday afternoon. Burial was made in the Union cemetery.

MISS WHITE WILL WED COUNT

Ambassador's Daughter to Be Married on April 28.

SERVICES WILL BE SIMPLE

Bride's Father Desired That Both Protestant and Catholic Religious Services Should Follow Civil Marriage, But Cardinal Refused to Grant Dispensation, and Mr. White Will Not Attend Services In Catholic Church.

Paris, April 21.—The arrangements for the wedding of Count Hermann Scherr-Thoss and Miss Muriel White, daughter of the American ambassador, which were delayed by certain difficulties arising through differences in the faith of the contracting parties, are now completed. The civil ceremony, which alone constitutes a legal

MISS MURIEL WHITE.

marriage in France, will be performed by the mayor of the eighth arrondissement, in which the ambassador resides, April 28. The following day the religious marriage will be celebrated at St. Joseph's church, one of the most exclusive Catholic churches in Paris.

The service will be simple, and will be attended only by the members of the immediate families, with the exception of Ambassador White. As Miss White retains her Protestant faith, her family greatly desired that both Protestant and Catholic religious services should follow the civil marriage, and the groom-elect and family were in full sympathy with this. Cardinal Kopp, bishop of Breslau, the diocese in which the couple will live, declined, however, to grant a dispensation for the marriage except on conditions that the groom refrain from attending any other religious ceremony, and with the usual restrictions concerning the faith of any issues of the marriage.

Influences were brought to bear in an endeavor to induce Cardinal Kopp to concede the service of the Episcopal church, but these failed in their object. As the cardinal remained obdurate, Ambassador White finally acquiesced, but as a protest against the attitude of the ecclesiastical authorities, he decided to abstain from attending the Catholic ceremony.

Miss White's niece, Miss Margaret Rutherford, the daughter of Mrs. W. K. Vanderbilt, and Miss Lucy Buckler, the daughter of Ambassador White's step-brother, William H. Buckler, secretary of the American legation at Madrid, will act as bridesmaids. The marriage contract, which was signed at the German consulate, stipulates that the couple shall live under what is known in Europe as the "regime of separation of property." The contract contains no dowry provision.

ARGUMENT IN COOPER CASE

Motion For a New Trial Being Heard by Judge Hart.

Nashville, Tenn., April 21.—The motion for a new trial in the Cooper case came up before Judge William M. Hart, in the criminal court here today. Colonel D. B. Cooper and his son, Robin J. Cooper, were convicted of the murder of former United States Senator E. W. Carmack and sentenced to twenty years in the penitentiary.

The defense filed a motion for a new trial, alleging forty-six errors on the part of the court. Some refer to the admission of evidence, others to evidence excluded.

Judge Hart has announced that the attorneys must conclude their arguments within two days.

TWO SAD DEATHS.

Joseph Hall and His Mother, Minerva J. Hall Pass Away.

After a few days illness with what was supposed to be quinsy, Joseph Hall of Dix Run, near Unionville, passed from time into eternity at his home on Saturday forenoon last. He was the son of the late John G. Hall and Mrs. Minerva Hall and was born at Dix Run. He was aged at time of death 18 years 8 months and 10 days. The funeral took place Monday at 2 p. m., interment in the cemetery near Unionville.

During his last illness, he was carefully nursed by his loving mother, who contracted a sore throat from him, which rapidly developed into diptheria, and she died Tuesday evening at 7 o'clock. Her maiden name was Minerva J. Hution, and she was the daughter of Joseph and Martha Hutton. She was born in Clarion county about fifty years ago.

She was married to John G. Hall, a respected citizen of Union township, who preceeded her to the grave about ten years ago. She leaves one son, Robert Hall, to mourn the loss of a kind and loving mother. She was a member of the Methodist Episcopal church and a kindly, christian lady.

The funeral took place Wednesday morning and was private. Interment at Dix Run cemetery.

A Big Day at State.

Friday, April 23, will be a big day at State College. At 4 p. m. there will be a ball game between the Carlisle Indians and State, and at 8 o'clock The Thespians, the college dramatic organization, will present the musical comedy "Popocaterpillar VII." in the Auditorium. The Indians beat the University of Pennsylvania at Atlantic City recently so a good game of baseball can be expected between State and the Indians on Friday.

The Thespians performance will undoubtedly be the best thing ever seen in the college Auditorium. The plot of the play is fascinating, lively and full of jokes. The chorus has been practicing the songs and dances for over six weeks and is ready to give a rare treat to those who attend the play. The music will be by State College Orchestra. Tickets for the play can be ordered by letter or telephone of John K. Barnes, Theta Psi. House, State College. Tickets unpaid for must be called for before 7.15 P. M. at the Business Office in the Main building. No tickets will be sold at the Auditorium. The prices are $1.00 75 and 50 cents. On Thursday, April 29, The Thespians show in the Garman Opera House, coming here from Williamsport.

Roland Cheeseman Recognized

The many friends of Major Roland C. Cheeseman, formerly of Centre county but now of Washington, D. C., will be glad to learn that he has been placed on the permanent roll of the Capitol and given a position in the Document room. This was accomplished through the great kindness of our efficient and popular Congressman, Hon. C. F. Barclay, assisted by Major McDowell—the old Pennsylvania soldier and clerk of the House.

Major Cheeseman, as many know is a one-legged veteran and shows other marks which indicate that he was more than once where bullets flew thick and fast. He enlisted first in the "Fencibles" then in the 45th for three years, re-enlisted and lost his leg close to the hip in the very last battle of that regiment.

WHEAT TAKES BIG TUMBLE

Patten Bought Furiously to Hold Up the Market.

SPECULATORS HIT HARD

The "Pyramided" Fortunes of the Small Traders Vanished In a Thrice. Owing to High Price of Flour Bakeries Are Closing and Price of Bread Is Being Advanced.

Chicago, April 16.—It was a day of tumult and sharply shifting fortunes in the wheat pit of the board of trade Thursday. July wheat, following a docile advance to a new high level, suddenly dropped an extreme 4¾ cents. The "pyramided" fortunes of small speculators vanished in a trice and the day was saved from rout only by the vigorous exertions of the bull leader, James A. Patten.

Within the last fifteen minutes of trading Mr. Patten bought 3,000,000 bushels of wheat for July delivery.

"Nothing but a flurry," he said, but that was after the turbulent pit had been deserted for the day.

During that final quarter of an hour he was a very busy man. Into the corridor of the Western Union building, in which the Bartlett-Patten offices are, floated the sound of high pitched, nervous voices as clerks at the telephones shot in buying orders to other clerks in the pit.

"Buy forty. Buy a hundred. Buy twenty-five."

These numbers referred to thousands of bushels of wheat, and there were many smaller ones—so many in fact that not all of them were filled. It was a physical impossibility to do so.

Patten Against the Field.

It was Patten against the field, and the final gong showed that the former apparently was as mighty as ever. His purchases and those of his followers, together with the profit-taking of the shorts, who lost no time in securing the fruits of their bearish daring, caused a reaction of over a cent all along the line. But before this occurred the hoard of many a small speculator had gone.

It was fifteen or twenty minutes before the closing time when the selling tornado hit the pit. Stop loss orders came out in a deluge, and the bears, stirred by a 5 cent decline at Winnipeg, based, it was said, on reselling by exporters, attacked the market with great spirit. July tumbled half a cent at a time to $1.14½, an extreme loss of 4¾ cents; May in larger jumps, dropped to $1.26, and September, an undisputed new crop month, which had attained $1.08⅞, declined to $1.05¾.

Here the Patten purchases made their influence felt, and the close of the session found July at $1.15¾@1.15¾; May at $1.27½@1.27⅝, and September at $1.06¼.

In contrast to these prices, those of a year ago are of interest. During April a year ago May wheat sold at an average of 95 cents and July around 85 cents.

New York Faces Seven Cent Bread.

New York, April 16.—With flour up 40 cents a barrel in the local market and the prospects apparently good for a further rise, New York city is now facing the possibility of bread at 7 cents a loaf. What will appear to hundreds of thousands in the poorer quarters like famine rates for this staple of all larders bids fair to be forced as a result of the recent rise in the price of wheat. Six cents a loaf is the price now charged by some bakeries. Flour of the better grades costs from $7 to $7.50 a barrel. Owing to the high price of flour twenty-two bakeries have gone out of business.

Size of Loaf Reduced.

Minneapolis, April 16.—Bakers say that they barely come out even at the present cost of flour. They are now making a fourteen ounce loaf in sixteen ounce pans and are considering an agreement to reduce the weight of the loaf to twelve ounces. The price of the loaf, 5 cents, will not be advanced, however.

Bakeries Closing.

Waterloo, Ia., April 16.—On account of the high price of flour one bakery closed its doors. Others are considering an increase in the price of bread or a reduction in the size of the loaf.

Must Raise Price of Bread.

Kansas City, Mo., April 16. — "A smaller loaf of bread or a dime for the present size." This is the declaration of an organization of the bakers of Kansas City. B. Howard Smith, president of the association, said that the wholesale price of standard flour had risen 40 cents a hundred pounds in thirty days.

Flour Up $1.50 a Barrel.

Cincinnati, April 16.—Simon Hubig, president of the National Association of Master Bakers, wrote to Ohio members of congress asking their efforts toward prohibiting the cornering of wheat. In Cincinnati flour has advanced an average of about $1.50 a barrel since Jan. 1 of this year.

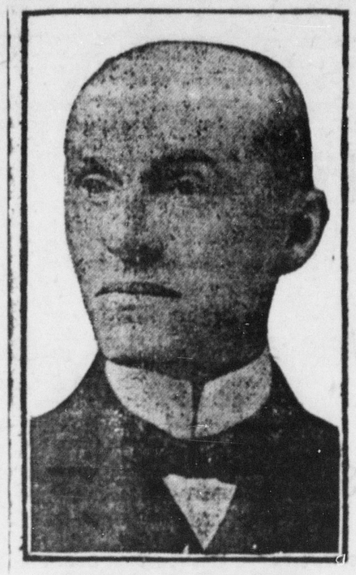
Bill to Check Wheat Gambling.

Washington, April 16.—Representative Scott, of Kansas, introduced in the house a bill to prohibit the dealing in the futures of wheat, cotton and other agricultural products.

PAT M'CARREN INVOLVED

"Blind" Account, Said to Be Politician's, Shows Debt of $100,000.

New York, April 17.—A sensation was created when Lindsay Russell, receiver of the failed brokerage firm of Ennis & Stoppani, obtained an order from the federal court summoning Senator Patrick H. McCarren, Democratic leader of Brooklyn, to appear



PATRICK H. M'CARREN.

before a United States commissioner next Tuesday to testify at the bankruptcy hearing.

The order also provides that he produce certain books.

Experts found several "blind" accounts on the broker's books. One, "No. 339," is said to be that of McCarren, who is a close personal friend of both members of the firm. Account "No. 339" was very active, and the man operating under it owed the firm more than $100,000.

REPUBLICANS HAVE INCOME TAX BILL

"Progressives" to Back One Cummins Will Introduce.

Washington, April 17—Senator Cummins, of Iowa, will introduce an amendment to the tariff bill on Monday providing for the imposition of an income tax. His amendment will differ from that of Senator Bailey, in that it will probably be a graduated tax and will reach incomes of less than $5000. Also it will be limited to individual incomes, exempting corporation incomes.

The progressive Republicans, of whom Senator Cummins is one, are putting forward the argument in support of an income tax that the bill reported by the finance committee will not yield enough revenue to meet the public needs and that the income tax is necessary They feel that by an agreement with the Democratic senators they can secure the adoption of some form of income tax.

KILLED SLEEPING FATHER

Boys, Brutally Treated, Shot Parent to Death.

Roanoke, Va., April 17.—John Craig was shot to death in his home at Roaring Fork, and his two sons, Patrick and Arthur, aged nine and twelve respectively, were arrested, charged with the killing and placed in jail. It is said the father had been brutally treating the boys, and while he was asleep they planned to take his life. One of the boys, it is alleged, pointed a revolver at the father and pulled the trigger, but the cartridge was not exploded. The other boy, it is charged, then shot the parent through the head, killing him instantly.

HARVARD-COLUMBIA RACE

Contest the Only One at Home For Harvard Oarsmen This Year.

Cambridge, Mass., April 17. — All Harvard is on the Charles today to see the varsity race between the crimson crew and the oarsmen of Columbia university. The race with Cornell is to be rowed at Ithaca, and the Yale contest will take place on the Thames, so today's race affords the university its only chance to see the crew in action in a race.

Two years ago, when Harvard and Columbia last met on the water, the crimson eight was defeated by a close margin. Harvard will try hard today to even matters.

FIVE GO MAD

Mother and All Her Children Develop Sudden Insanity.

Shelburne, Ont., April 17. — James Johnstone, a farmer near Lavender, came to town and asked for the arrest of his wife, daughter and three sons, all of whom had gone hopelessly insane and threatened to do him bodily harm. Constables arrested the five after a warm struggle. They were brought here in a terrible state of frenzy and will be sent to an asylum. The wife was very violent and it required three men to hold her down, and she had to be handcuffed.

Killed on His Wedding Anniversary.

Reading, Pa., April 17.—D. Warren Smith, thirty years old, and his wife were to have celebrated their [illegible] wedding anniversary. He was a Pennsylvania railroad employe and was run down and killed by a trolley car.

U. S. MISSION WORKERS SLAIN

Turkish Town of Adana Reported in Flames.

MANY ARMENIANS MASSACRED

Half the Town Reported Burned and Attacks on Christians Extending Into the Surrounding Country—France Rushes Two Warships to Piraeus. Troops Reported Marching on Constantinople.

Berlin, April 17. — Two American missionaries slain, a wholesale massacre of Armenians, Adana pillaged and in flames—these, according to telegrams from various points in Asiatic Turkey, are the toll paid to Moslem fanaticism.

Direct from Mersina, which is connected with Adana by a small railroad, a telegram says that the massacre at Adana still continues, that the troops are powerless to control the situation, and that some of the soldiers are joining in the pillage of the city. One report says that sixty Armenians have lost their lives and that many houses have been looted and burned.

A special dispatch to the Lokal Anzeiger from Ristowatz says that after a monster meeting there the Young Turks telegraphed the sultan, saying "We are marching on Constantinople in order to save the constitution you are trying to abolish."

The Belgrade correspondent of the same paper says that the Turkish minister there is reported to have received a dispatch saying that the Pera and Galata quarters of Constintinople had been bombarded and that 2000 persons had been killed.

Consular telegrams received at Constantinople report that half of the town of Adana has been burned and that the attacks upon the Armenians are extending into the surrounding country. They say that the British vice consul at Mersina, Major Daughty-Wylie, who was ordered to Adana when the first advices of the massacre were received, has been wounded The porte declares the disturbances are subsiding. Two additional battalions have been dispatched to Adana.

The French government announced that measures would be taken to assure the safety of French subjects in Turkey, and ordered two cruisers to sail to Piraeus.

A private message to Berlin states that Adana has been aflame since last Wednesday evening, and that horrible massacres are being carried out on the streets.

Information from Constantinople confirms the report of the murder of the two missionaries and indicates that large numbers of Christians have been killed at Adana.

Among the church workers stationed there are Rev. William N. Chambers and his wife, who is a sister of Talcott Williams, of the Philadelphia Press.

Adana is a station of the American board of commissioners for foreign missions, with a working force of five missionaries and thirty-two native workers; an outstation of the synod of the Reformed Presbyterian Church in North America, and a Bible depot and sub-agency of the American Bible society.

BAILEY WOULD TAX INCOMES

Texas Senator Presents Amendment to Tariff Bill.

RATE WOULD BE 3 PER CENT.

He Estimates That If His Amendment Becomes a Law It Will Raise $100,000,000 Annually—Sections Declared Unconstitutional by Supreme Court Have Been Eliminated.

Washington, April 16. — Senator Bailey introduced in the senate an income tax amendment to the tariff bill. It provides for a straight tax of 3 per cent on all incomes above $5000 a year. It exempts all incomes from federal, state, county and municipal securities, salaries of all state officers and incomes of corporations below $5000.

The former law on this subject provided for a tax of 2 per cent on incomes of $4000 and upwards. Mr. Bailey estimates that if his amendment becomes a law it will raise about $100,000,000 annually.

Mr. Bailey said he had introduced the amendment so far in advance of its consideration because he wished every senator to have a full opportunity to consider it. He added that the tariff bill reported to the senate was in the main the same as that of 1894.

His income tax amendment, he said, was the same as the law which had formerly been enacted, and declared unconstitutional. He had in this amendment raised the exemption from incomes of $4000 to incomes of $5000, and had raised the rate of tax from 2 to 3 per cent.

May Become a Law.

"I have also," said Mr. Bailey, "responded to the unanimous decision of the supreme court of the United States that congress had no power to levy an income tax on state, county and municipal securities, and I have specifically exempted incomes derived from that source. I thought it plain that the court would, and I think it equally plain that the court ought to have decided that that part of the law was not constitutional."

A feeling exists in senatorial circles that there is some likelihood of the final adoption of Senator Bailey's income tax amendment to the tariff bill. It is the one proposition upon which the Democrats are united and this means one-third of the senate in its favor. In addition there are some so-called progressive Republicans who are counted upon to support an income tax.

If it can be shown that the supreme court upon a reconsideration of the income tax would be likely to hold it as constitutional, the proposition would gain strength in the senate. The Republicans have not yet indicated what plan they intend to propose as a way of raising revenue other than as already set forth in the bill.

On motion of Senator Aldrich the senate agreed to a resolution of the house for a return to the house of the tariff bill in order that the oil schedule might be amended by adding to the words "petroleum, crude and refined," on the free list the words "and the products thereof."

Shortly afterward the measure was brought back to the senate from the house with the proposed amendment.

At a meeting of the committee on finance it was agreed that the opening of discussion on the tariff bill should go over until Monday.

BEST RUNNERS IN MARATHON

Annual Amateur Event Brings Out Big Field.

Boston, April 19.—Toeing the mark in today's Boston Marathon race, one of the greatest events of the year on the athletic calendar, will be the finest field of amateur runners ever gathered in America. They have come here from all parts of the United States to enter in the test of speed and endurance whose winning confers on the victor the blue ribbon of the amateur running world.

To give the names of the entries would be to call a roll of well known athletes. Among them are Tewanina, the Indian; Crowley, White, Mellor, Lorz and Carr, of New York; Forshaw, of St. Louis; Hatch, of Chicago, and Shannon, of Pittsburg. Bob Fowler, of this city, will start. An international entry is that of B. J. Nelson, of South London, England, who hopes to take back to his foggy city the honor of beating the Yankees. Another hopeful entrant is Peter W. Foley, who thinks he can overcome the handicap of his fifty-one years, even when competing against men half his age.

opening of its new home constitutes the main feature of the annual convention, which also began today, although the election of officers has claimed more of the public attention.

The building, which has cost $500,000, all raised by the Daughters, was declared open by Mrs. Donald McLean, the retiring president general of the society. The response to Mrs. McLean's address was made by Vice President Sherman. Other addresses on the program are those by Judge Stockbridge, president general of the Sons of the American Revolution; Senator Daniel, of Virginia; M. Jusserand, the French ambassador, and former Governor Edwin Warfield, of Maryland. Ella Wheeler Wilcox, one of the Daughters, has written on ode for the occasion. The hall is a beautiful white building near the Corcoran Art gallery. In it are housed the library of the Daughters and the museum of relics of the Revolution.

There are two leading candidates for the office of president general of the Daughters of the American Revolution. They are Mrs. Matthew T. Scott, of Illinois, the so-called "administration" candidate, and Mrs. W. C. Story, of New York, who is favored by those opposed to Mrs. McLean.

CAPTAIN HAINS' TRIAL IS BEGUN

He Faces Court For the Shooting of Annis.

INSANITY PLEA IS PUT ASIDE

Army Man's Lawyers Decide to Make Defense on "Unwritten Law" and Assertion That He Was Insane at Time of Tragedy—Difficulty In Proving Present Mental Health Predicted—Counsel Have Right at Any Time to Apply For Commission.

New York, April 19. — What may prove to be the closing scene in a tragedy of national interest began today in the courtroom of the supreme court in Flushing, N. Y., when Captain Peter C. Hains, Jr., was called upon to plead before Judge Garretson to the charge of murdering William E. Annis at Bayside on the afternoon of Aug. 15 of last year.

Since the acquittal of T. Jenkins Hains, brother of today's "prisoner at the bar," interest in the case has lagged. It received renewed stimulus from the announcement a few days ago that efforts were being made to induce Mrs. Claudia Libby Hains, who is accused of being the cause of the shooting, to appear as a witness against her husband.

Chief Counsel For Hains.

John F. McIntyre, who was chief counsel for T. Jenkins Hains, is in charge of the captain's case. He is assisted by Eugene N. L. Young, a former assistant district attorney of Queens county, who assisted Mr. McIntyre in the first trial. Lawyer Joseph A. Shay, of this city, who was also associated with the defense of T. Jenkins Haines, but is now under indictment in Manhattan, will not appear in the case, and Lawyer Daniel O'Reilly, who figured in the Thaw case, has been retained in his stead.

It is stated on good authority that the defense has decided to proceed with the trial on the indictment, basing its defense on the unwritten law and on the ground that the captain was insane when he committed the crime, but has since regained his mental health. It is declared to be the opinion of jailers and keepers that the mental condition of Captain Hains is worse now than it was when he was arrested.

Lawyers think the defense holds the whip hand over the prosecution. If at any stage of the trial the situation looks dubius for the captain, the defense, it is asserted, under the provision of the penal code, can apply for a commission to inquire into the mental condition of the prisoner, and if found insane the trial will be brought to a finish then and there.

On the other hand, if the prisoner is convicted of murder in the first degree they can again make application to have him committed to an asylum for the criminal insane.

In commenting on the probable outcome of the trial, General Hains declared that his son was dying and that no matter what the issue of the case the captain could not be expected to live more than two months.

TALKED OVER WHEAT CORNER

to his friends Mr. Hill said the population of the United States in the last few decades had increased 65 per cent, while the production of wheat had increased only 25 per cent.

On this basis Mr. Hill made the assertion that Mr. Patten and his friends had, with foresight, acted upon this theory, with the result that they had established a "corner." Mr. Hill did not even venture a guess as to its outcome.

Complaints are beginning to reach the president and the cabinet, as well as members of congress. The Patten "corner" continues to be the topic of conversation among congressmen in Washington, and the prediction was made that if a vote could be secured in the house on a bill to put a stop to "corners" in stocks or grains it would command a majority of both branches.

Educator Tells Teachers Young Ters Are Revengeful.

Amherst, Mass., April 17.—Professor Earl Barnes, of Philadelphia, said in an address at a high school teachers' institute and educational conference at the Massachusetts Agricultural college, that children under the age of twelve years are liars and naturally revengeful as a class.

Professor Barnes' topic was "Moral Education in the Public Schools." He traced the moral evolution of the race and declared that the life of the child reflected in a way some stages of that evolution. Statistics gathered in England and in this country among school children showed, he said, that 70 per cent of those under twelve years of age, of whom opinions were asked regarding a story which was related to them, gave replies showing that they considered lying and vengeance justifiable in the case cited.

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

TEXAS AND THE TRUSTS.

The state of Texas is feeling better, thank you since the supreme court of the United States on Monday denied a rehearing in the case of that commonwealth against the Waters-Pierce Oil Company. The latter had been fined $1,690,000 for violation of the Lone Star anti-trust laws, and the denial of its application by the highest court in the land shuts the door of hope for any escape from the penalty. The only alternative is for the Waters-Pierce people to quit business in Texas, but as this would be ruinous there is nothing to do save pay the fine, which will be done forthwith, and the company will continue its Texas operations subject to limitations of the law.

The fine is the largest thus far successfully imposed upon any business combination, and doubtless it will induce a close scrutiny by legislators in other states of the law under which it was levied. The controversy has been a prolonged one the oil company lighting to the last ditch, with former United States Senator John C. Spooner of Wisconsin, one of the ablest lawyers in the country, as its chief counsel. Incidentally it is reported that the larger portion of the fine will go for fees and expenses in prosecuting the three suits, something over $140,000, or one-twelfth, to be paid a former secretary of H. Clay Pierce upon whose evidence conviction was secure. This looks like putting a premium upon duplicity, or at least laying the foundation for a new form of infant industry.

The company, as is natural, claims that it was unjustly treated, but certainly it has had its day in court, and the chances are that it simply has been taught a lesson as to the rights of the people and the sovereignty of the law which will be taken to heart by others than the parties at direct interest in this particular proceeding. We are making progress in this country both as to the length to which legislation may not go and the abuses trusts may not indulge in with impunity.

DO IT NOW.

Down at Reading in this state, William H. Luden, a candy manufacturer, has given a happy illustration of the latter-day motto "Do *It* Now." *In* celebrating the thirtieth anniversary of his embarkation in business he has distributed $22,500. This may not seem a large amount in a community where many fortunes run into millions but in the section to which Reading is the hub there are few millionaires, if any. It is the practice of men thereabouts to slow up when they acquire a competence of a hundred thousand or two, leaving to others the worry and work as well as the opportunity to provide for a rainy day. So Mr. Luden's performance marks a novel and an admirable departure. To 11 local charities he gave $250 each, to one $400 and to another $1,000, while he divided approximately $17,350 between business associates, members of his family and employes. Then he had a banquet in his factory, and in the evening had 544 reserved seats in a local theatre.

Mr. Luden is not an old man, and in the earlier days he had quite a struggle to get his business under way, but it is evident that he is appreciative and of generous instincts and that he believes in getting some good out of giving while he is yet among men and in the employment of life this side the veil. We cannot have too many of his kind in any city or age, and more especially when the race to pile up treasures on earth attracts so much attention.

THE INCOME TAX SCHEME.

The New York Sun hits its off about right when it says that the Democratic party in congress, being unable to formulate a tariff bill or to agree upon a policy on that subject, reveals its hopeless incapacity by proposing to levy a new tax. This is the plan of Senator Bailey to raise $100,000,000 a year from incomes above $5,000. Mr. Bailey explains that by taxing incomes it would be possible to further lower duties. It is claimed by Senator Aldrich and his associates on the finance committee that their revision of the Payne bill will produce sufficient revenues for the government, though Democrats and some Republicans do not concede this, yet if the favorable balance of the past month is maintained it would appear that Mr. Aldrich's position is tenable. Assuming that it is, it is well known that schedules have been so scaled that in many cases the element of protection has been reduced almost to a minimum.

Mr. Baily's scheme, therefore, would necessitate another cut, the effect of which would be to remove all protection. We should then have eliminated indirect taxation for direct taxation to the amount of $100,000,000, and this latter of a most offensive character. We should do away with protection to such an extent as to flood the United States with foreign goods, increasing the number of unemployed reducing wages and wiping out the profits of many manufacturers on the one hand, while on the other we should be levying a direct tax upon corporations, employers, investors and high salaried men whose capacity for earning incomes we had first impaired by slashing of tariff schedules.

This is the substance of Senator Bailey's plan in a nutshell. There has been under alarm because of a temporary excess of government expenditures over revenues, a condition that was wrought by the panic of 1907 and which is not peculiar to the United States alone. Already there is a turn in the tide, as shown by customs receipts under the Dingley bill. Hitherto the Democratic theory has been that lower duties would increase our revenue through natural growth in the volume of import. Are the Democrats abandoning that idea now when in sight of the very revision for which they have been contending?

MR. TAFT'S PROPOSED TRIP.

President Taft it is reported, is planning a trip during the late summer to Alaska, taking in on his way the annual encampment of the Grand Army of the Republic at Salt Lake City, the Trans-Mississippi conference at Denver, the national irrigation congress at Spokane and the Seattle exposition. He has received urgent invitations to attend all these gaherings. *In* addition he is desirous of taking an extensive trip through the southwestern part of the country, returning by way of the southeast and visiting points of interest that were not included in his ante-presidential itinerary. But Mr. Taft has not yet decided to undertake this extensive traveling, the matter of expense being a deterrent. Congress at its last session did not continue the appropriation of $25,000 for the traveling expense of the chief executive, although it increased his salary from $50,000 to $75,000. The latter sum is by no means large, compared with the compensation granted the heads of other nations, and the President should not be compelled to deplete it by paying for trips that are really taken on public business.

At least two of the gatherings which Mr. Taft has included in his tentative itinerary will conduct discussions of matters distinctly within the province of the President and not only would they benefit by his counsel, but they would enable him to keep in personal touch with matters affecting the entire nation. The President's attendance at the Grand Army encampment would be most fitting. As for Alaska, there are questions constantly arising in that region with which the President can best deal after a personal visit. The question of expense should not be permitted to stand in the way. By seeing and meeting the people of every section the President will be in a much better position to render efficient service. We are fortunate in having a President who is willing to undergo the personal inconvenience of traveling throughout the country and the means should be forthcoming.

FOR the next thirty days Governor Stuart will earn his salary, and when the time is up the edge of his axe will be completely worn away in hewing down appropriations.

THE New Assembly has passed a law prohibiting milliners from using herons' feathers in trimming hats. This means the disappearance of the pestiferous aigrette, which has provoked more silent profanity from theatre-goers than ever lay to the discredit of the big theatre hat.

PATTEN still occupies his corner in the Chicago wheat pit and the grain remains at famine prices. Well, the mills of God grind slowly, but they grind exceeding small. When the arch speculator in the staff of life is caught between the upper and the hether millstones he will cry in vain for mercy.

Will Re-Build Car-Shops Dam

The Bellefonte Electric Company some three months ago purchased the property embracing the old car shops and dam of Bellefonte, will proceed to work at once to rebuild the dam, giving it a fourteen foot breast, and put up build ngs that will put new life into the industry—promising not only to give us day service but to cut the present rates charged for the fluid, almost, if not altogether, in two.

The General Electric Company of Schenectady, N. Y., will send their expert engineer to Bellefonte this week who will make an estimate of the cost of putting up the buildings, and also of rebuilding the dam and constructing of new flumes. Specifications will be drawn up and bids received for the work as soon as can be arranged, after which active work on the job will be begun with the expectations of having it completed by the end of July of this year.

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles books and found that Dr. Miles' Nervine fit my case. From the very first dose I took I got better. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others."

FAITHFUL HOUSEWIVES OF THE UNITED STATES

Send Grateful Tributes to Dr. Hartman For Benefits Received From Pe-ru-na.

MRS D. C. NOLAN.

No More Throat Trouble.

Mrs. D. C. Nolan, Gem, Kas., writes: "I have no more throat trouble, thanks to Peruna. It is the only medicine I care to have. I always feel safe when I have it in the house.

"I have used Peruna for nine years, and I ought to know about it. Peruna has helped me a great many times, and I shall praise it to every one of my friends."

Ever since Peruna was introduced to the public thirty years ago, the housewife has been an ever faithful friend to Peruna. She it is that has seen the practical benefits of the use of Peruna in the family.

When the baby has snuffles or cold she gives a few doses of Peruna, instead of filling the system with the doctor's drugs.

When the school children have coughs or colds she again resorts to Peruna.

When any member of the family is afflicted with catarrh, either in its acute form or chronic, Peruna is resorted to. In a large number of minor ailments she finds Peruna a true household remedy.

All this has won the confidence of the housewife in Peruna, which cannot be easily shaken by the statements of people who know nothing of Peruna, having never had any personal experience in its use.

Pe-ru-na Tablets.

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the solid medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

Mrs. T. J. Ballard, Pryor Creek, Indian Territory, writes: "I keep free from my old stomach trouble, feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and am rejoiced to know that I found a sure cure in your valuable medicines."

MRS. AUGUSTA PAULINE OCHS.

Systemic Catarrh.

Mrs. Augusta Pauline Ochs, R. F. D. 2, North English, Iowa, writes: "I took Peruna over three years. I suffered from systemic catarrh and had pains in my right side so I could hardly do my housework.

"I am 66 years old, and am now doing all my housework. I am in the best of health, and cannot thank Dr. Hartman enough for his advice and medicine."

Dyspepsia and Constipation.

Mrs. John M. Stabler, Millersburg, Ind., writes: "I have been cured of a very bad case of catarrh of the stomach and constipation, and a complication of ailments that I have had for several years.

"I doctored with three doctors who did me not much good, so I quit doctoring. I bought a bottle of Peruna and commenced taking it. I found I was getting some better, but thought I was not doing as well as I might. So I wrote to Dr. Hartman to see what he thought about me. He gave me special directions and medical advice.

"To our astonishment I improved and am today a well woman and weigh as much as I ever did in my life.

"My old friends in Ohio, where we moved from about fifteen months ago, say when they see me, 'How well you look. I did not expect to see you ever look so well again.' I tell them I would not look so well if it had not been for Peruna.

"Peruna saved my life. I recommend Peruna wherever I am, and when any of our folks are sick I give them Peruna with success.

"I thank Dr. Hartman, and may he live many years more to go on with the good work. Tongue cannot express the gratitude that my husband, children and I owe to Dr. Hartman for the kindness he has shown toward me during my sickness.

"I want the public to know what Peruna and Dr. Hartman have done for me."

An astonishing number of families use Peruna continuously for the various petty ailments to which the family is liable.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. The National Guards.

July will witness the encampments of the three brigades of the National Guard of Pennsylvania, an order to that effect being issued at the headquarters Wednesday morning. The Third brigade, under General C. Bow Daugherty, will go into camp first at Mount Gretna, from July 10th to 17th. The First brigade, under General W. C. Bowman will also camp at Mount Gretna from July 24th to 31th. The Second brigade, under General Willis N. Hulings, will camp at Somerset July 24th to 31st. During the encampments the annual inspection required by law will be made under the direction and supervision of the adjutant general. The Senate Tuesday night passed the House bill placing at the disposal of the governor the sum of $1,000,000 to be expended in the selection and purchase of a division camp ground and three separate brigade camp grounds to be permanent, and used by the division and brigades in alternate years. Some years ago the state made a liberal appropriation to purchase a division camp and Gettsburg was selected by the commission, but the owners of the ground wanted so much for it that they put a prohibitory price on it and nothing was done. The matter has lain dormant until the present when it is revived in the new bill and includes not only division but brigade camp sites.

The large turn out on this evening shows that the people of Howard are interested in the education of their children. The class this year was as large as some in towns of much greater population indicating that the pupils do not drop their studies until they have completed the prescribed course of study. Prof. Weirick has been quite successful in his school work here and seems to have taught his pupils the advantages of an education and honor of graduation as well as giving them a thorough instruction in the higher branches.

The first annual banquet and reception of the Howard High School Alumni Association took place Saturday evening in the McIntire's hall The fore part of the evening was pleasantly spent in games and amusements and while this was in progress the large table was spread with an abundance of delightful refreshments. While seated around the festal board the members retold the stories of their school days and the oft played tricks upon their teachers. When the table had been cleared to the satisfaction of all Miss Emma Weber, president of the association, offered a toast to the class, which was responded to in a very able manner by many of the members. David Holter acted as host and Miss Helen Schenck as hostess. The hall was prettily decorated in the colors of the several classes while the table was a veritable bower of pink carnations, the flower of the class of 1909.

Woman is often referred to by man as "doubling his joys and having his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him, he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is overburdened. Among the pleasant letters received by Dr Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.

The Gospel in Antioch.—Acts xi:19-30; xii:25.

Golden Text—The disciples were called Christians first in Antioch.—Acts xi:26

Verses 19-20—Who were they that were "scattered abroad?"

Had these men any authority from the church to preach? (See Acts viii:4)

Is it the duty of every Christian to preach Christ, whether or not he has been appointed by the Church to do so?

Is it possible to enjoy the fullness of God's love, and never say a word about it?

Are good people liable to be narrow in their views?

Are persecutions and all sorts of trouble, always helpful to the children of God?

Some of these disciples seem to have been narrow, and preached to Jews only; others being broader, preached to the Greeks also, what made the difference in these men?

Which is the greater power to broaden our views, and make us love everybody; our environment, or sinking deeper and rising higher in the love of God?

Verse 21—Whether a man is narrow or broad, if he only preaches Jesus, will God use him to extend his kingdom?

Are any efforts to extend the kingdom of God ever in vain?

Verse 22—Did the news that Antioch had received the word of God give the church at Jerusalem joy or sorrow?

What news is the most joyous either to an individual Christian, or to a Church?

What was the purpose of sending Barnabas?

Is it necessary, or not, to be filled with the Holy Ghost, in order to made converts, or to comfort the children of God, and are these results always attained in the ministry of a man filled with the Holy Ghost? (This question must be answered in writing by members of the club.)

Do we exhort one another as much as we should, to "cleave unto the Lord?"

Are half-hearted people well pleasing to God?

Verses 25 26.—Why did Barnabas start off to Tarsus to seek Saul?

Does it frequently happen that two holy men can do much more together, than they could do working apart?

Where were the disciples of Jesus first called Christians?

What had Christ's followers been called previous to being called Christians?

Verses 27-28—Is the gift of prophecy, that is telling future events, given to any person today.

Verses 29 30—Should the church of Christ today be a practical brotherhood, caring for one another, and helping each other financially, and in every other way, as the need may be?

Should not the church be doing for its members the work now being done by fraternal societies?

Chapter xii:25.—Barnabas and Saul took the contributions from Antioch up to Jerusalem to relieve the need there, and then returned; was it just as noble work as if they had been up there preaching?

1000 SLAIN IN TURKISH RIOTS

Two Americans Killed; Others Are Safe.

REFUGEES IN U. S. MISSION

Starvation Threatens Fugitives Unless Relief Comes Soon—Street Fighting Goes on For Three Days In Adana. Armenian Quarter of Tarsus Destroyed.

Beirut, Syria, April 19.—A terrible uprising has occurred in Adana, where street fighting has been going on for three days and at least 1000 persons have been killed. The city has been practically destroyed by fire. American missionaries, named Rogers and Maurer, the latter from Hadjin, are dead. All the other Americans are safe. The British vice consul, Major Daughty-Wylie, is among the wounded. He was shot through the arm.

At Tarsus there was less loss of life. The Armenian quarter, however, was destroyed. Four thousand refugees are housed in the American mission. The need of relief is urgent, for shortly the fugitives will be on the verge of starvation.

Conditions in the vicinity of Alexandretta also are most serious.

FLED TO CONSULATES

Moslem Hosts Threaten to Sweep Down on Foreigners.

Constantinople, April 19.—Confirmation has been received here of the killing of two American missionaries at Adana. The murdered missionaries were Mr. Rogers and Mr. Maurer. The others connected with the missions are safe, including Mr. Christie, who is at Tarsus.

Three French warships are hurrying to Mersina, where the situation is desperate. Foreigners and many Christians have taken refuge in the consulates. The local troops and the governor are doing their best to protect the town, but there is great fear that it cannot hold out much longer against the invasion of the Moslems, who are sweeping down in large numbers.

The tension in Constantinople over the situation still is very great, although there seemed to be some prospects of a peaceful solution of the trouble. The people of the capital are more concerned with the advance of the Salonika troops than they are with the massacres that are reported from various quarters. Several of the members of the parliamentary deputation which proceeded to Tchatalje to reassure the Salonika troops, returned here. They report that the troops demand the safe conduct and protection of the Salonika deputies, who fled from the capitol, and the punishment of the ringleaders of the rising on Tuesday last, as an example to prevent the recurrence of such events.

Threats by Soldiers.

The spokesman of the soldiers is reported as saying:

"We are not here to promote a fratricidal war. We realize that an exchange of shots would lead to foreign intervention; therefore, we shall avoid extreme measures. Nevertheless, we have the means of entering Constantinople without firing a shot, if necessary. We do not want advice. Your best course is to return and expose those who are responsible for this abominable plot, who must be severely punished. Military obedience is completely lacking in Constantinople. Try to restore obedience by every means, and be assured that we shall remain here until we are satisfied that no fresh attack will be made upon the constitution."

After some discussion of this reply, the chamber resolved to send a deputation to the barracks to explain to the soldiers the evil results of disobedience. The deputies for Aleppo and Adana demanded that immediate measures be taken to restore order in the Adana district and to punish the ringleaders of the massacre. A motion to this effect was adopted unanimously.

According to the latest news from Adana the missionaries do not dare to leave the mission house. They are suffering from lack of provisions and medicines, and have sent an appeal to the military authorities for protection. Adana is still burning, and it is reported that not less than 3000 persons are homeless at Tarsus.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

NIGHT EXPRESS ON READING WRECKED

Two Killed and Several Injured at Harrisburg.

Harrisburg, Pa., April 16.—Two persons were killed and several others slightly injured when the "Queen of the Valley," a night express on the Reading railway, was wrecked in the southern part of Harrisburg within a moment's ride of the Reading station.

The dead: Engineer George Rocktassel, of Reading, and Fireman Leland Winand, of Harrisburg.

The injured: Charles Jones, Johnstown; Mrs. Booser, Harrisburg; Robert Mather, Lebanon, and D. M. Rhoads, baggagemaster.

None of the injured are seriously hurt.

The cause of the wreck is said to be that when the engineer applied the air brakes upon approaching the station the brake rigging dropped to the tracks. The ties and rails were torn up for a hundred yards; then the rigging apparently caught upon a switch point and overturned the engine and tender. Three of the seven cars in the train were thrown across all the four tracks at the point of the wreck, which occurred upon a high bank. The cars were literally torn apart. That the number of killed and injured was not greater is assigned to the fact that comparatively few passengers were on board and that the cars were broken up instead of being telescoped.

PREACHER HELD AS BURGLAR

Prisoner's Charge Causes Arrest of Colored Minister.

DECLARES HE IS INNOCENT

Rev. Price Chandler, of Bethayres, Held In $2000 Bail on Charges of Being Implicated in Many Robberies—Also Charged With Selling Cigars Without License.

Jenkintown, Pa., April 15.—With the arrest of Rev. Price Chandler, of Bethayres, by Sergeant Lever and Patrolman James Kenney, of the Abington police force, the climax of a series of burglaries and arrests in the Meadowbrook valley was reached. Chandler was later held under $2000 bail for trial at court.

He is pastor of the First Baptist church, of Huntingdon Valley, a congregation numbering 100 persons.

For months thefts have followed in close succession in Bethayres, Bryn Athyn, Meadowbrook and other towns along the Bound Brook railroad, culminating six weeks ago with three robberies netting $500 in plunder.

Then the Abington police were sent into Moreland township, where these towns are located. Robert Allen, "the Jersey devil;" Harry Masters, John Henderson and Conway Allen were arrested as members of the gang. Seven charges of robbery and burglary were made against Henderson, and he is under $1500 bail for trial at Norristown. Robert Allen is under $1000 bail and Conway Allen and Masters under $800 bail each.

Accused by Prisoners.

Henderson and Robert Allen accused Rev. Mr. Chandler. Henderson declared under oath that the minister instructed him to take some chickens, and that he went to John Sheinlo's place, stole the chickens, brought them to Bethayres and left them in the Chandler house. Allen supported Henderson's testimony.

It was necessary for the Abington department to procure a bondsman for Henderson so that he could be brought to Abington to testify against Chandler, a procedure never before attempted in Montgomery county.

Mr. Chandler was held in $1500 bail on the charge of being an accessory before and after the commission of larceny, and was held under $500 bail on another charge of selling cigars without a license.

UNIQUE SPORTING EVENT

Western Athletes Will Race to the Top of a 6000 Foot Mountain.

Pasadena, Cal., April 15. — Crack athletes from all over the west are entered in today's race to the top of Mount Wilson, north of this city. The unique character of the event and its great success last year have aroused much interest among the sports and others attracted by endurance contests and have drawn here runners desirous of making the 6000 foot ascent in quicker time than that made by Joe King last year. There is little doubt that King's record, 1 hour, 25 minutes, 30 seconds, will be broken today.

Last year's race consisted of the ascent to the top of the mountain and the descent, but this year the ascent alone will count. The descent is considered too dangerous for men trying to make time. On the way up and down Mount Wilson the runners cross numerous streams and wind around canyons over 3000 feet deep.

Only amateur athletes are eligible to enter the race. The winners will receive medals.

Six Farmers Accused of Blackmail.

Preston, Minn., April 15.—John Englebritt, Lloyd Smeed, Carl Lawrence, Orville Minn, James Franklin and Jens Triday, young farmers of York, were lodged in jail here, charged with trying to blackmail Dr. D. Beckman out of $6000, the alternative being the burning of the Beckman residence and the kidnapping of his son.

Fatally Injured In New York Subway.

New York, April 15.—Preparatory to his first ride on the subway, Rev. Samuel William Nesbit, a Methodist minister from Tipperary, Ireland, lost his balance and fell to the track in the down town station at One Hundred and Fifty-seventh street and Broadway and was so badly crushed by a southbound train that he will die.

Measles In U. S. Training Station.

"IRELAND FOR THE IRISH, 1910"

Home Going Movement For Industrial Revival of the Country.

Washington, April 19.—"Ireland for the Irish 1910—Meet me at Kilkenny."

With this as their slogan, the friends of the proposed "Irish home going" movement in 1910 want not less than 50,000 of the sons and daughters of Erin to make the pilgrimage to Ireland then for an industrial revival of that country. The occasion promises to be the greatest epoch-making event in the history of Ireland.

Backed as it is by the enthusiastic endorsement and support of prominent members of the Irish race both in this country and Ireland, the projected home going movement to Ireland has assumed such proportions that confidence is expected in the success of the undertaking, and a great influx of visitors to the old land on that occasion is expected.

The principal motive underlying the proposed pilgrimage is the development of the natural resources of Ireland and the upbuilding of its industries. It is urged that the Emerald Isle, blessed with almost unlimited latent natural resources, offers splendid opportunities for the investment of capital in its many fields of industry. The point is made that Irishmen who have made a success in the United States can carry back to Ireland ideas relative to government, manufacture, commerce and capital which may be employed there, equally to the advantage of Ireland and to those who return to their native land.

HUSBAND KILLS WIFE'S FRIEND

Altoona Man, Home Unexpectedly, Finds Visitor in House.

FIGHT IN DARK ROOM

Husband Struck Match and Man Attacked Him, When He Drew His Revolver and Fired, the Bullet Entering Victim's Temple—Claims Self-Defense.

Altoona, Pa., April 19.—Edward Russell, aged twenty-six years, was shot by J. E. Craig, who surprised Russell and Mrs. Craig together in the latter's home in this city. Russell died in the Altoona hospital.

Craig, who is twenty-five years of age and who has been employed as a locomotive fireman in the Pennsylvania railroad yards in this city, has for some time suspected the conduct of his wife, the information of her wrongdoing coming to him from his brother, who has been making his home with the couple. In the evening the husband left home to go to work as usual, but at 9 o'clock returned home, and finding his wife had gone out, secreted himself in an upper room and awaited her return. His brother, who had remained in the house, had retired for the night.

About midnight Mrs. Craig returned home, accompanied by Russell and another young man and woman. Mrs. Craig put her three-year-old daughter to bed and then joined her companions in the parlor on the first floor. A few minutes later Craig slipped down stairs and, hearing voices in the parlor, which was unlighted, went in and, striking a match, saw Russell and Mrs. Craig together. Russell sprang at the husband, and the two scuffled for a moment, until Craig got out his revolver and fired, the bullet entering Russell's left temple. During the brief struggle the other couple escaped from the house. The young husband sent his brother out for a physician and to notify the police authorities, and remained with the injured man until the police and hospital ambulance arrived. He was then take ninto custody and sent to prison, where he awaits a hearing.

Craig came here from New York state about seven years ago and was married four years ago, his wife being formerly Rose Stabel, a daughter of Deputy Sheriff Stabel, of Elmira, N. Y. Craig expresses regret for the killing, but claims that he fired in defense of his own life.

State College News.

The executive committee of the Pennsylvania State grange has accepted the invitation of the Pomona grange of Centre county to hold the next annual meeting of the state grange at State College. The date fixed is December 21-24. The auditorium and armory on the college campus afford unsurpassed facilities for the thousands who attend this annual meeting.

Farmers' week at State college will begin Monday, December 27, and close January 1. The light change in date this year is made on account of the date of the State grange meeting.

High Pressure Days

Men and women alike have to work incessantly with brain and head to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves; and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high pressure days.

Queen Quality SHOES

When you buy a piano it is worth $200 extra to have the name —— (you know) on it. Hundreds of purchasers will pay this extra money as a guarantee of quality. Likewise when a woman buys a pair of shoes it is worth $2 extra to have the name "Queen Quality" stamped on them. But it doesn't cost a cent extra! Think this over.

—About the best catches of trout that has come to our notice was 12 caught by William Beezer and 16 caught by Ben Tate. Most of the fishermen report poor luck.

—H. R. Ruger last week sold his moving picture machine, which he has had on hand since leaving the theatorium last fall, to H. O. Miller, of Yarnell, who will give exhibitions in his home village. On Monday Mr. Ruger also sold his Ford runabout to Will Keichline & Co.,

—The pay train on the Bald Eagle Valley came in Thursday morning and gladdened the hearts of the B. E. V. division employe. This was the inauguration of cash paying on the valley. The P. and E. division car was in Wednesday they have been paying the cash for several months.

—The item in last weeks Watchman that Mr. and Mrs. Emil Joseph will store their household goods and spend the summer in New York and along the Atlantic Coast, is without foundation. The Josephi family will stay right where they are until April 1st 1910 all reports to the contrary notwithstanding.

—Ward Yarnell, a sixteen year old boy residing near Zion, caught a trout on Thursday that puts Postmaster Harter's trout he caught last years way back in the shade. This trout measures 22½ inches long. 11½ in circumference and weighs 4½ pounds. He caught it in the old Greens Valley dam about four miles from Hecla Park.

—The Yeager Swing Mfg Co. losses have been satisfactorily adjusted and the plant will be moving ahead as usual in a day or so being delayed about a week in some of the orders of which there are quite a number coming in for their justly celebrated porch swings. How that has spread over the country and the idea is said to have originated in this county about twenty years ago.

—Last weeks Watchman is in error when it states that Mrs. Ida Long, formerly Miss Ida Roan, of Coleville had died in the Altoona hospital. Mrs. Long is alive and well and likely to live many years. Mrs. Joseph Eckley, of Buffalo Run, a sister of Mrs. Long, received word that her sister was dead and left immediately for Altoona, but on her arrival there found her sister enjoying her usual good health.

—The Easter donation to the Bellefonte hospital resulted in a contribution of fifty-four dozen of eggs, seven bushels of potatoes, a good quantity of vegetables and a number of miscellaneous articles which will be duly acknowledged in the annual reports. The school children were all most generous in their contributions, especially the students of the parochial school, to all of whom the hospital authorities extend their sincere thanks.

—The steady raise in the stock market seems to be the forerunner of the good times that seem to be slowly but surely coming to the country again. While business in the town is dull compared with the last few years this town was slow to catch the hard times and will undoubtedly pick up when its neighbors do and they at present are in the same condition as we are if the reports of the travelling men are to be believed and they are a good barometer.

—The cutting off the tops of the trees in front of the Court house that formerly hid the face of the clock was a good move and now the clock will be of some use during the summer but it is hoped they will try and have the time more accurate and kept nearer railroad time there is nearly ten minutes difference now.

—The famous old "Ally Popper railroad" has again come to the front in a lawsuit, and what was left of it was sold at public sale at Clearfield. There was one engine, two passenger coaches, a station at Ramey round house, tools and two and one-half miles of track running from Ramey to Fernville. Harry Boulton, of Houtzdale, bought the outfit for $850.

—John H. Eckel, the right hand man at Gettig's meat market, is indeed a lucky fellow. Lieutenant Taylor was to have taken with him his nephew, Frank Taylor, the second son of Col. H. S. Taylor, of this place, but if he is not well enough to go at that time it will mean the cutting out of the trip for the boy as well.

Hearing her cries Fred Herr, a brother of Mrs. Cruse, rushed into the room and succeeded in smothering the flames before the child was seriously burned. Her right hand and right side of her face were blistered and her hair badly singed but aside from that she was not injured.

—The well known Curtin residence, on High street, is for sale if the heirs can get their price for it. It is one of the most substantial dwellings in the town and is built of stone. It is commandingly located and is historic as being the home of the late Governor Andrew Gregg Curtin during all his illustrious career. It is now occupied by Dr. and Mrs. George F. Harris, but it is so large for them that they want to dispose of it, and go to boarding. Unless they find a purchaser they will continue to make their home there during the summer, but as planned now they will quit housekeeping in the fall, though the doctor will retain his office there until the house is sold

Young Man Found Dead in Home of His Aunt.

Victor E. Pifer, son of Mr. and Mrs. W. Harvey Pifer, of Lock Haven, was found dead in bed at the home of his uncle, Louis Bollipue, near Eagleville Saturday morning when a member of that family went to awaken him for breakfast. It is thought that the young man's death was caused by an epileptic fit to which he had been subject for some time.

On Thursday he left his home in Lock Haven to go trout fishing for several days and intended to stop at the home of Mr. Bollipue in the evenings. He retired as usual and death ensued some time during the night.

The body was taken to his home in Lock Haven and funeral services were conducted at his late home on Monday afternoon. Interment was made in Cedar Hill cemetery.

Deceased was about 27 years of age and is survived by his parents and the following brothers and sisters—Sadie, Agnes, Howard, Walter and Roy.

She was united in marriage October 25, 1907, to Wallace E. Camp. Surviving to mourn her death are the husband, one sister, Mrs. B. J. Hiltner, and one brother, Edmund P. Moyer; also the grandmother of the deceased, Mrs. Lucy P. Moyer, of Bellefonte.

On Monday afternoon at 2:30 o'clock, funeral services were conducted at the deceased's late home, which they recently occupied, on Lincoln avenue Tyrone by Rev. George T. Gunter, paster of the First Presbyterian church of which Mrs Camp was a consistant member. Interment were made in Grandview cemetery at Tyrone.

"The Lily and the Prince"

The Lily and the Prince in the Opera House pleased a small audience, may it be said to the shame of Bellefonte that when a good show does come they invariably have small houses unless it has been widely advertised and heralded. For the first time in Bellefonte to the recollection of the oldest theatre goers there was a real fountain on the stage and the effect was very pretty with the spot light playing on it. The scenery and costumes were all very good, rich looking and effective in all the acts and and the impressive tribunal scene with its dramatic effects was startling and realistic and held the audience very strongly all through.

Every one in the play did very well indeed in their respective parts and each looked the part they played a little different from last week, Miss Blake's acting of Angela was very dramatic and showed hard and consistent training but her one fault was the lack of clearness of enunciation especially at some interesting points which marred it slightly.

Don't Let Sheriff Advertise for You.

An exchange has the question of advertising sized up just right when he says: These's two fellows that always get business by advertising—that's the sheriff and the mail order houses. If you don't want the sheriff to, advertise it yourself. The mail order houses never stop advertising and are reaping the reward the home merchant should, who does not advertise. The best way to help your town and your business is to talk through your home paper and let the world at large see that your town contains merchants who sell what they need. If the outsider picks up the local paper and finds no business house represented therein, he invariably turns to his catalogue wherein he finds represented what he needs and the merchant is out. Advertise and get them coming your way and when you convince them that your town has the prices, then you win
